"EMBRACING THE SPIRIT OF GIVING"

As we bid farewell to another year filled with challenges, triumphs, and growth, the spirit of Christmas graces us with its warmth and joy. The twinkling lights, festive decorations, and the sound of carols resonate throughout our campus, creating a magical atmosphere that unites us all. This holiday season, let us come together as a Christ family to celebrate the essence of Christmas and reflect on the values that make this time of year truly special.

Amidst the hustle and bustle of university exams, attendance, and the anticipation of a well-deserved break, it is crucial to pause and appreciate the importance of kindness, generosity, and community. Christmas is a season of giving, a time when the joy of sharing extends far beyond the exchange of material gifts. It is an opportunity to extend a helping hand, offer a kind word, and foster connections that make our college experience richer and more meaningful.

As we take a moment to reflect on the past year, let us acknowledge the resilience and perseverance that each staff and student of our Christ family has demonstrated. Together, we have navigated uncertainties, adapted to new challenges, and supported one another through thick and thin. The bonds we've formed, both in and out of the classroom, are the true gifts that make our college journey unique.

This Christmas, let us embrace the spirit of giving in various ways. Extend a friendly smile to a stressed-out classmate, share a meal with someone who may be spending the holidays away from home, or contribute to local community initiatives that embody the true meaning of the season. Our collective efforts, no matter how small, can make a significant impact and create a positive ripple effect that extends far beyond our campus borders.

As we celebrate Christmas, let us remember those who may be facing challenges during this time. Whether it's through volunteering, supporting local charities, or simply being there for a friend in need, let us embody the values of compassion and empathy that define the Christmas spirit. May the coming year bring new opportunities for growth, learning, and continued camaraderie.

“Make yourself a better person with the help of education and let the world follow you like an inspiration”.

The Department of Commerce Fest, ARTHOTSAVA 2K23, was an event organized by the department on October 13, 2023. The festival aimed to provide a platform for students to showcase their talent with a competitive spirit, conducted by final-year B.COM students. The event featured various entertainment and engrossing events, such as MONOCHROME, Bang Bang, PRADARSHAN, and ESTRATEGIA.

MONOCHROME allowed students to showcase their photography skills, while Bang Bang was a game with multiple levels, movie mania, and a relay. The winners were Mr. Madan from 1st year BCom. PRADARSHAN was a competition where participants had to work their brains, test their bonds with partners, and give presentations on current situations. The winners were Ms. Thavishi and Ms. Spoorthi D from 2nd year BCom, followed by Ms. Pruthvi and Ms. Nidhi from 1st year BCom. ESTRATEGIA was a marketing game where players displayed their creative abilities in marketing through the development of videos that highlighted their concepts and in-depth understanding of advancements. The event was available to everyone from all departments and featured events such as exquisite snacks, drinks, and meals.

The event was a success, exemplifying the vitality of commerce in today's world. It was a testament to the dedication and passion of students, faculty, and participants who made it possible. Through academic rigor, creative competitions, and insightful discussions, the festival enriched our

CHANGE IS THE NATURE OF NATURE

The Department of Commerce at Christ College, Mysuru, hosted a special lecture on "Marketing Strategy in the Digital Era" on September 15. Dr. Sadia Tabassum, a Ph.D. in management from the University of Mysore, was the guest speaker. She has presented and published research papers at various international, national, and state-level conferences, including the best paper award for her paper at the international conference on the dynamic of entrepreneurship.

Dr. Tabassum engaged students in conversation and group activities before the lecture, explaining the importance of understanding the target market and the concept of innovative marketing. She highlighted the three components of innovative marketing: empathy, originality, and consistency. She also discussed various types of digital marketing, such as mobile advertising and social media marketing.

Dr. Tabassum also discussed the rise of social media and its role in marketing, as well as the role of influencers and social media. She advised students to develop creative campaign strategies using distinctive brand storytelling, multichannel integration, and interactive content.

Dr. Tabassum also discussed the challenges of implementing creative strategies and advised students to be unique and creative, understand their customers, and collaborate and experiment. At the end of the program, Mrs. Leela Sebatini, HOD of the Department of Commerce, and the department's faculties expressed gratitude towards Dr. Tabassum for sharing her valuable insights and inspiring the students.

From Concepts to Reality - An Industrial Exploration

An industrial visit is an educational opportunity for students to gain practical exposure to a manufacturing facility or production plant. The Department of Commerce at Christ College, Mysuru, organized an industrial visit for final-year students on November 4, 2023. Mr. Srinivas Murthy greeted the students at the Nestle facility in the Nanjangud industrial region and gave a brief presentation about the company, its products, and the quality of its output. He emphasized the importance of making wholesome, sustainable food affordable and available to everyone.

The students were then taken to watch the production of Maggi, a favorite snack. Maggi originated in Switzerland in 1863, when Julius Maggi created a recipe of flavors to add taste to meals. The industrial revolution in Switzerland created factory jobs for women, leaving them with little time to prepare meals. Maggi was the first to bring high-protein legume meal to the market in 1886, followed by ready-made soup made with legume meal.

Nestlé purchased the Maggi trademark in 1947 and offers it in soups, seasonings, sauces, and noodles. The brand's strong brand components include taglines like "Fast to Cook," "Good to Eat," "2-Minute Noodles," "Taste Bhi," and "Health Bhi." Etienne Maurice Firmin Bouisset, a French painter, designer, and printmaker, developed and created the Maggi logo. Maggi noodles contribute over 20% to Nestle India's revenues, with the only category showing a positive volume increase in 2014 being prepared foods and kitchen tools.

Ms. Prakruthi P., an assistant professor in the Department of Commerce, and Mr. Sashikiran, a librarian at Christ College in Mysuru, joined the students. It was an enjoyable and educational experience for the students.

Celebrate the past... Embrace the future

The Christ College Mysuru department of commerce hosted a communication session for alumni on October 7 to jog their memories and inspire current undergraduates. At the event, former students Sooraj Pai D, Swaroop Thomas, and Sandeep S shared their individual experiences.

Sooraj Pai D, a graduate of Christ College Mysuru and working as deputy manager at ICICI Bank, Bangalore, shares his experiences as a festival and contest participant and attendee, advising against intimidating oneself and recognizing each individual's unique perspective. Swaroop Thomas, a graduate of Christ College Mysore and St. Joseph's University Bangalore, is a US tax preparer. He encouraged fellow students to utilize opportunities and emphasized the importance of learning for the future. He recalled his campus experiences and expressed gratitude to faculty members for inviting him to a notable event. Moving forward, the session was next handed over to Sandeep S, who had cherished his time in college and highlighted his degrees from Christ College, Kristu Jayanti College, the University of Mysuru, and Karnataka State Open University. He expressed faith in the organization's potential to achieve greater heights and stressed the value of pursuing happiness.

Assistant professors Hemalatha N., Prakruthi P., and Mary Ancilla, along with Mrs. Leela Sabatini, Head of the Department of Commerce, published the department's first newsletter, which was well-received by both faculty and alumni. The occasion served as a tribute to the value of preserving memories and appreciating alumni's distinct viewpoints.

Education without Borders: Student Exchange Program

During a student exchange program, a student relocates for a time to share knowledge. Students generally attend classes and take part in academic and cultural events at the host colleges and universities while on exchange. The aim is to give students a unique educational experience and expose them to a wide range of knowledge.

On November 23, 2023, the department of commerce at Christ College, Mysuru, organized an inter-departmental student exchange program from 12:00 to 1:00 under the guidance of Mrs. Hemalatha N., Assistant Professor, Dept. of Commerce. Students of the 3rd year from the Dept. of Commerce were divided into eight different groups, where each group handled topics like GST, income tax, installments, functions of management, banks, the role of the RBI, and the stock market. Each group was assigned different classes of BCA and BA. The session commenced with a brief overview of the topic and the group participants, after which the presentation took place. Students from various backgrounds were able to obtain knowledge from the program by receiving knowledge and insight.

It was an entirely different experience, and the presentation was engaging. These kinds of events and experiences have the potential to improve students' communication skills and confidence. In addition to improving their communication and exposure, participants developed a deeper understanding of different perspectives. For everyone participating, the experience was valuable and enlightening, as it aided in personal development and skill in interacting with others.

ORIENTATION FOR FRESHER'S

The session was started by a prayer followed by the lighting of the lamps. Then we were given a brief intro about the college by our principal Rev. Fr. Jinto Jose. Later our administrator Rev. Fr. Rejo Jacob explained the vision and mission of our college, i.e., 'Wisdom for Wholeness'. Then the session was taken over by Ms. Sandhra Sam and she explained about the various committees that is being provided by our college. One of the committees that we found the most fascinating is the CSF, which is the Christ Social Forum. Under this committee, our college provides food packets to the needy people every Wednesday. Our college also provides training to those students who are aiming for the campus placements after their degree. Our college also provides an opportunity to the students to connect themselves to the people in need out there and also there nature through the NSS and NCC committee and the Eco club committee. We were excited to know about all the other committees too as this was new to us. Later, the session was handed over to Mrs. Divya R, Department of BCA.

Orientation 2023

She explained us about the student portal provided by the college. She explained about the various discipline norms of the college. Which includes the dress code, grooming, usage of English in the college premises, wearing ID cards compulsorily, usage of mobile phones and earphones, respect and wish the teachers. Later Mrs. Rashmi D told us about the policies to be followed during examination. The orientation ended with the national anthem. We liked the fact and the information that we were provided with a 5 to 10 minutes refreshment breaks in between each sessions to relax ourselves.

This is a report to share my experience on the industrial visit to Excelsoft technologies, Mysore dated 11-10-2023 from Christ College Mysore. We 47 students of Final year BCA along with 2 Faculty members Fr. Saitto Thomas and Mrs. Divya R formed the group to explore Excelsoft Technologies Pvt., Ltd.

Excelsoft is a EduTech company, where they mainly focus on the technology which improves the education in terms of technology. It is a good platform for learning where they have built many products and services. As we researched about their company, we came to know that their headquarters is located at Mysore and they have more than 20 years of experience with more than 900 professionals, 200+ customers in 25+ countries. They have achieved more than 50 awards and they have active clients around the world. Their main perspective is learning > assessment > analytics.

Vishwanth Sir, taught us about the full stack development, deployment, database, SDLC app performance, security etc., Janakiraman Sir who is the product manager in Excel Soft introduced about the work and efficiency of website, learning management system, products and services service, SARAS the corporate solution and also he taught us about the role of admin and end users and to know the needs of the customer.

INDUSTRIAL INSIGHTS

From this educational visit we came to know what all the places we can focus in IT field like UI/UX designer, security engineer, data analyst, pre-sales engineer etc., this created the awareness in us on how to conquer a role and how to upskill ourselves.

Vathsala ma'am taught us the difference between college field and market trend. They introduced some of the EduTech-based applications which is more helpful to the students like us some may include like SpringBoard, Udemy, Coursera etc.

Overall I heartily thank all the people who spent their valuable time to show us a path which was very helpful for our future to lead good life in our stream and I thank our Principal of Christ College, Mrs. Reena Sebastian, HOD of Department of BCA, Mrs. Divya and all faculty members who were the part of this industrial visit.

I am grateful to them as we learnt many things from this industrial visit and came across some ideas for taking the next step after the degree. It was a very useful industrial visit to know more about the IT field demands and to build ourselves to suit their work need.
